HARMONIA

Harmonia është arti i vendosjes së elementeve brenda një kompozimi për të krijuar një ndjenjë kohezioni. Është cilësia e pjesëve që bashkohen për të formuar një tërësi të pajtueshme. Kur kombinoni ngjyrën, formën, imazhin dhe llojin në një poster, harmonia funksionon për të siguruar që secili element të funksionojë së bashku. Një dizajn harmonik angazhon shikuesit si përmes pamjeve mbresëlënëse ashtu edhe përmes komunikimit me ndikim. Harmonia mund të arrihet përmes thjeshtësisë ose kompleksitetit, minimalizmit ose maksimalizmit, realizmit ose abstraksionit. Arritja e harmonisë nuk kërkon domosdoshmërisht përsosmërinë e pikselit të krijimit të drejtuar nga vektori; megjithatë, ajo kërkon një mjeshtëri dhe saktësi të zanatit të projektimit. Për thirrjen e hapur të këtij viti, Prishtina International Poster Festival fton dizajnerë nga e gjithë bota që të angazhohen dhe të hetojnë fjalën “Harmonia”. Në një botë që përballet me shqetësime, shqetësime dhe pasiguri të jashtëzakonshme, përvojat tona njerëzore të përbashkëta mund të nxisin ndjeshmërinë tek secili prej nesh. Si krijues vizualë, kompozimet tona kanë jo vetëm fuqinë për të komunikuar, por për të frymëzuar shikuesit që të punojnë drejt vullnetit të mirë, bashkëpunimit dhe ndoshta edhe unitetit.

HARMONY

Harmony is the art of arranging elements within a composition to create a sense of cohesion. It is the quality of parts joining to form a compatible whole. When combining color, shape, image and type in a poster, harmony works to ensure each element works together. A harmonious design engages viewers through both striking visuals and impactful communication. Harmony may be achieved through simplicity or complexity, minimalism or maximalism, realism or abstraction. Achieving harmony does not necessarily require the pixel perfection of vector-driven making; however, it does require a mastery and precision of design craft.

For this year's open call, Prishtina International Poster Festival invites designers from around the globe to engage with and investigate the word "Harmony." In a world facing tremendous distress, disturbances, and uncertainties, may our shared human experiences foster empathy in each of us. As visual makers, our compositions have not only the power to communicate, but to inspire viewers to work toward goodwill, cooperation, and perhaps even unity.
